

Barbara Smith
Client Services
NewLevel Group

Barbara has in depth experience in the full charge bookkeeping and accounting cycle, from daily transactions through general ledger closing and reconciliations and full payroll cycle. She has worked with a wide variety of client industries including professional services, schools and nonprofits.

While Barbara can be relied upon to complete a solo project, she most enjoys collaborating with clients as partners in success. Barbara's goal is to always enable clients to pursue their passions by easing pain points and providing customized accounting solutions. She willingly shares her knowledge with her team members and clients alike and is greatly appreciated as a resource. She is an Advanced Certified QuickBooks ProAdvisor and Sleeter Group Certified Consultant; both certifications are a tremendous added value to NLG clients.

Barbara has enjoyed a career in accounting and technology for more than thirty years. She moved from main frame computing to PCs in the 1980s and never looked back. She has guided clients in integrating business processes and technology to improve workflow and management reporting needs.

Barbara has a B.A. in Economics and MS in Business Administration Management Information Systems. Her career experience includes corporate accountant, network administrator, database administrator, and business systems analyst. Barbara also enjoys an active volunteer life with various nonprofit organizations in Napa and is a committed community member.
